

EASTERN STAR HOME AND STAR COURT SUITE NEWS

As everyone is starting to roam out and about more we are adding a little more activity to our day. The Assisted Living and Independent Residents are getting use to wearing masks and have a new appreciation for the staff who have been wearing them through this pandemic. The Nursing Home residents are enjoying getting back into their normal routine as are the staff.

This week the Star Court Suites had fancy feet on Monday and Tuesday. A great time for wine, leg massages and great conversation. The Nursing Home residents definitely have a crafty side, they are finishing up their fall decorations with the help of Jenny Kissner on Monday and Tuesday. Today we will watch a happy ending Hallmark Movie with pop and popcorn. Thanksgiving Day we will get out the table linens for our Thanksgiving Dinner with all the trimmings. In the afternoon we will watch the movie "The Great Thanksgiving". Friday it will start to look like Christmas as we start put up our Christmas Trees. Bingo and Lawrence Welke will keep us busy Saturday and Sunday we will watch the Tulare Church Service online. Technology has kept us in touch with our area churches and for that we are quite thankful.

All of us here at the Eastern Star Home want to wish you a very Happy Thanksgiving. Follow us on our Facebook page for our upcoming calendar and latest pictures.
