

EASTERN STAR HOME AND STAR COURT SUITE NEWS

As the end of year comes to an end we reflect on everything that has happened. Our residents have experienced things that we never could have imagined. We came together when we were recommended to stay apart. We used Facebook, Facetime, plexi glass dividers, phone calls, zoom calls, window visits, mail, honk & hollers and our indoor clear vinyl tent visit. If there was a way to make a connection with our family and friends we tried to make it happen. Hopefully as 2021 comes we will be seeing some changes in the future.

We have been doing a lot of celebrating these last two weeks in December. First we had a Christmas Eve Party on the 24th, on the 28th we celebrated Alice Dunn's 96th Birthday. Today we have Delbert and Donna Bushong celebrating their 70th Anniversary and the 31st we have our New Years Eve Party. We sure like parties and all the goodies that go with it. We will fit bingo in a couple times yet this year and will watch some Hallmark Movies this weekend. We have been enjoying the many options of online worship with our surrounding churches. It helps us to feel connected to our church family until we can have in house services again.

Follow us on Facebook for pictures and our January calendar of our upcoming activities. Our staff and residents are so appreciative of the wonderful pictures from area students, all the Christmas cards sent, and all the delicious treats from so many caring people. All of us at the Eastern Star Home and Star Court Suites would like to wish you all a very Happy New Year.
